assistance and cooperation provided by the CS2JU to national authorities and international organisations outside of its own administrative investigations.

- 11) Within this framework the CS2JU is bound to respect, to the maximum extent possible and in full compliance with the relevant legislation and guidance, the fundamental rights of the data subjects during the above procedures, in particular, those relating to the right of provision of information, access and rectification, right to erasure, restriction of processing, right of communication of a personal data breach to the data subject or confidentiality of communication as enshrined in Regulation (EU) No 2018/1725.

- 15) The Controller should inform the Data Protection Officer at the moment of deferral and during the revisions.

HAS ADOPTED THIS DECISION:

*Article 1*

**Subject-matter and scope**

1. This Decision lays down rules relating to the conditions under which the CS2JU in the framework of its procedures set out paragraph 2 may restrict the application of the rights enshrined in Articles 14 to 21, 35 and 36, as well as Article 4 thereof, following Article 25 of the Regulation (EU) No 2018/1725.
2. Within the framework of the administrative functioning of the CS2JU, this Decision applies to the processing operations on personal data by the Programme Office for the purposes of conducting

administrative inquiries, disciplinary proceedings, preliminary activities related to cases of potential irregularities reported to OLAF, processing whistleblowing cases, (formal and informal) procedures of harassment, processing internal and external complaints, conducting internal audits, investigations carried out by the Data Protection Officer in line with Article 45(2) of Regulation (EU) 2018/1725 and (IT) security investigations handled internally or with external involvement (e.g. CERT-EU).

3. The categories of data concerned are hard data ('objective' data such as identification data, contact data, professional data, administrative details, data received from specific sources, electronic communications and traffic data) and soft data ('subjective' data related to the case such as reasoning, behavioural data, appraisals, performance and conduct data and data related to or brought forward in connection with the subject matter of the procedure or activity).

4. Where the CS2JU performs its duties with respect to data subject's rights under Regulation (EU) 2018/1725, it shall consider whether any of the derogations laid down in article 25(3) and (4) of that Regulation apply.

5. Subject to the conditions set out in this Decision, the restrictions may apply to the following rights: provision of information to data subjects, right of access, rectification, erasure, restriction of processing, communication of a personal data breach to the data subject or confidentiality of communication.

#### *Article 2*

### **Specification of the controller**

The controller of the processing operations is the CS2JU, represented by its Executive Director, who may delegate the function of the controller. Data subjects shall be informed of the delegated controller by way of the data protection notices or records published on the website and/or the intranet of the CS2JU.

#### *Article 3*

### **Specification of safeguards**

1. The CS2U shall put in place the following safeguards aimed at preventing abuse or unlawful access or transfer of personal data:<sup>4</sup>

- (a) Paper documents shall be kept in secured cupboards and only accessible to authorized staff;

---

<sup>4</sup> This list is non-exhaustive.

- (b) All electronic data shall be stored in a secure IT application according to the CS2JU's security standards, as well as in specific electronic folders accessible only to authorised staff. Appropriate levels of access shall be granted individually;
- (c) The database shall be password-protected under a single sign-on system and connected automatically to the user's ID and password. Replacing users is strictly prohibited. E-records shall be held securely to safeguard the confidentiality and privacy of the data therein;
- (d) All persons having access to the data are bound by the obligation of confidentiality.

2. The retention period of the personal data referred to in Article 1(3) shall be no longer than necessary and appropriate for the purposes for which the data are processed. It shall in any event not be longer than the retention period specified in the data protection notices, privacy statements or records referred to in Article 6.

3. Where the CS2JU considers to apply a restriction, the risk to the rights and freedoms of the data subject shall be weighed, in particular, against the risk to the rights and freedoms of other data subjects and the risk of cancelling the effect of the CS2JU's investigations or procedures for example by destroying evidence. The risks to the rights and freedoms of the data subject concern primarily, but are not limited to, reputational risks and risks to the right of defence and the right to be heard.

#### *Article 4* **Restrictions**

1. Any restriction shall only be applied by the CS2JU to safeguard:

- (a) the national security, public security or defence of the Member States;
- (b) the prevention, investigation, detection and prosecution of criminal offences or the execution of criminal penalties, including the safeguarding against and the prevention of threats to public security;
- (c) other important objectives of general public interest of the Union or of a Member State, in particular the objectives of the common foreign and security policy of the Union or an important economic or financial interest of the Union or of a Member State, including monetary, budgetary and taxation matters, public health and social security;
- (d) the internal security of Union institutions and bodies, including of their electronic communications networks;
- (e) the prevention, investigation, detection and prosecution of breaches of ethics for regulated professions;

(f) a monitoring, inspection or regulatory function connected, even occasionally, to the exercise of official authority in the cases referred to in points (a) to (c);

(g) the protection of the data subject or the rights and freedoms of others;

(h) the enforcement of civil law claims.

2. As a specific application of the purposes described in paragraph 1 above, the CS2JU may apply restrictions in the following circumstances:

(a) in relation to personal data exchanged with Commission services or other Union institutions, bodies, agencies and offices;

- where such Commission service, Union institution, body or agency, is entitled to restrict the exercise of the listed rights on the basis of other acts provided for in Article 25 of Regulation (EU) 2018/1725 or in accordance with Chapter IX of that Regulation or with the founding acts of other Union institutions, bodies, agencies and offices;
- where the purpose of such a restriction by that Commission service, Union institution, body or agency would be jeopardised were the CS2JU not to apply an equivalent restriction in respect of the same personal data.

(b) in relation to personal data exchanged with competent authorities of Member States;

- where such competent authorities of Member States are entitled to restrict the exercise of the listed rights on the basis of acts referred to in Article 23 of Regulation (EU) 2016/679 of the European Parliament and of the Council, or under national measures transposing Articles 13(3), 15(3) or 16(3) of Directive (EU) 2016/680 of the European Parliament and of the Council;
- where the purpose of such a restriction by that competent authority would be jeopardised were the CS2JU not to apply an equivalent restriction in respect of the same personal data.

(c) in relation to personal data exchanged with third countries or international organisations, where there is clear evidence that the exercise of those rights and obligations is likely to jeopardise the CS2JU's cooperation with third countries or international organisations in the conduct of its tasks.

Before applying restrictions in the circumstances referred to in points (a) and (b) of the first subparagraph, the CS2JU shall consult the relevant Commission services, Union institutions, bodies, agencies, offices or the competent authorities of Member States unless it is clear to the CS2JU that the application of a restriction is provided for by one of the acts referred to in those points.

## *Article 5*

### **Restrictions to the rights of data subjects**

1. In duly justified cases and under the conditions stipulated in this decision, the following rights may be restricted by the controller in the context of the processing operations listed in paragraph 2 below where necessary and proportionate:

- (a) The right to information;
- (b) The right of access;
- (c) The right of rectification, erasure and restriction of processing;
- (d) The right to communication of a personal data breach to the data subject;
- (e) The right to confidentiality of electronic communications;

2. In accordance with article 25(2)(a) of Regulation (EU) 2018/1725, in duly justified cases and under the conditions stipulated in this decision, restrictions may be applied by the controller in the context of the following processing operations:

- a) the performance of administrative inquiries and disciplinary proceedings;
- b) preliminary activities related to cases of potential irregularities reported to OLAF;
- c) whistleblowing procedures;
- d) (formal and informal) procedures for cases of harassment;
- e) processing internal and external complaints;
- f) internal audits;
- g) the investigations carried out by the Data Protection Officer in line with Article 45(2) of Regulation 2018/1725;
- h) (IT) security investigations handled internally or with external involvement (e.g. CERT-EU);
- i) within the framework of the grant management or procurement procedure, after the closing date of the submission of the calls for proposals or the application of tenders;<sup>5</sup>

The restriction shall continue to apply as long as the reasons justifying it remain applicable.

3. In the context of procedure for cases of harassment, the rights referred to in paragraph 1 may be limited under the same conditions, with the exception of the right to communication of a personal data breach to the data subject referred to in point (d) of paragraph 1.

---

<sup>5</sup> This processing operation shall only apply to article 5(1)(c).

4. Where the CS2JU restricts, wholly or partly, the application of the rights in paragraph 1 above, it shall take the steps set out in Articles 6 and 7 of this Decision.

5. Where data subjects request access to their personal data processed in the context of one or more specific cases or to a particular processing operation, in accordance with Article 17 of Regulation (EU) 2018/1725, the CS2JU shall limit its assessment of the request to such personal data only.

#### *Article 6*

### **Necessity and proportionality of restrictions**

1. Any restriction outlined in Article 5 shall be necessary and proportionate taking into account the risks to the rights and freedoms of data subjects and respect the essence of the fundamental rights and freedoms in a democratic society.

2. If the application of restriction is considered, a necessity and proportionality test shall be carried out based on the present rules. The test shall also be conducted within the framework of the periodic review, following assessment of whether the factual and legal reasons for a restriction still apply. It shall be documented through an internal assessment note for accountability purposes on a case by case basis.

3. Restrictions shall be temporary and lifted as soon as the circumstances that justify them no longer apply. In particular, where it is considered that the exercise of the restricted right would no longer cancel the effect of the restriction imposed or adversely affect the rights or freedoms of other data subjects.

The CS2JU shall review the application of the restriction every six months from its adoption and at the closure of the relevant inquiry, procedure or investigation. Thereafter, the controller shall monitor the need to maintain any restriction every six months.

4. Where the CS2JU applies, wholly or partly, the restrictions outlined in Article 5 of this Decision, it shall record the reasons for the restriction, the legal ground in accordance with paragraph 1 above, including an assessment of the necessity and proportionality of the restriction.

The record and, where applicable, the documents containing underlying factual and legal elements shall be registered. They shall be made available to the European Data Protection Supervisor on request.

*Article 7*  
**Obligation to Inform**

1. The CS2JU shall include in the data protection notices, privacy statements or records in the sense of Article 31 of Regulation (EU) 2018/1725, published on its website and/or on the intranet informing data subjects of their rights in the framework of a given procedure, information relating to the potential restriction of these rights. The information shall cover which rights may be restricted, the reasons and the potential duration.

Without prejudice to the provisions of Article 6(4), the CS2JU, where proportionate, shall also inform individually all data subjects, which are considered persons concerned in the specific processing operation, of their rights concerning present or future restrictions without undue delay and in a written form.

2. Where the CS2JU restricts, wholly or partly, the rights laid out in Article 5, it shall inform the data subject concerned of the restriction applied and of the principal reasons thereof, and of the possibility of lodging a complaint with the European Data Protection Supervisor or of seeking a judicial remedy in the Court of Justice of the European Union;

The provision of information referred to in paragraph 2 above may be deferred, omitted or denied if it would cancel the effect of the restriction in accordance with Article 25(8) of Regulation (EU) 2018/1725.

*Article 8*  
**Review by the Data Protection Officer**

1. The CS2JU shall, without undue delay, inform the Data Protection Officer of the CS2JU ('the DPO') whenever the controller restricts the application of data subjects' rights, or extends the restriction, in accordance with this Decision. The controller shall provide the DPO access to the record containing the assessment of the necessity and proportionality of the restriction and document the date of informing the DPO in the record.

2. The DPO may request the controller in writing to review the application of the restrictions. The controller shall inform the DPO in writing about the outcome of the requested review.

3. The DPO shall be involved throughout the procedure. The controller shall inform the DPO when the restriction has been lifted.

*Article 9*  
**Entry into force**

This Decision shall enter into force on the twentieth day following its publication in the Official Journal of the European Union.
